NexTrend Securities, Inc.

Focused on 1031 Delaware Statutory Trust (DST) Real Estate Transactions

Since 1997, NexTrend Securities, Inc. has operated through many different market conditions and business cycles. The Firm is focused on 1031 Delaware Statutory Trust (DST) real estate properties for accredited and institutional investors. The only transactions that the Firm executes on behalf of its customers are 1031 DST and Private Placement real estate transactions.

Together, the three top executives of the firm have more than 75 years of financial services experience. Having witnessed many dynamic market environments and ever-changing market cycles, the NexTrend management team understands what is involved in building, managing and growing our clients financial wealth. By eliminating traditional brokerage bureaucracy and cookie cutter one-size fits all products, we are able to focus on the individual needs of our real estate clients.

We understand that each client faces their own unique financial situation. We also recognize and understand the benefits of buying and selling real estate and the impact a transaction may have on an individual/entity's real estate portfolio.

Our focus is on delivering a superior level of customer service and providing our clients with high quality institutional grade real estate investments. We take pride in maintaining the highest level of support, accessibility, and industry-specific knowledge to fit our clients needs.

NexTrend Securities typically works with real estate sponsors offering fractional ownership in real estate properties that are considered institutional grade and professionally managed with an added benefit of being able to replace debt on a non-recourse basis. Interests in these properties may qualify as a "Like-kind" exchange and are only available to accredited investors.

We are not tied to any single 1031 DST real estate sponsor, marketing organization, or outside entity. We never lose sight of who makes us great, and we treat you as an extension of our real estate investor family. Our professional and knowledgeable staff is ready to support and assist you with building your 1031 DST portfolio. We view our relationship as a lasting partnership and strive to be more than just the required broker-dealer to execute your real estate transactions.

Process

1031 DST real estate investments are vetted both internal and externally prior to making properties available to our clients.

There is a significant amount of due diligence that is undertaken and relied upon during the private placement memorandum (PPM) process. In addition, we review independent third-party due diligence reports and compile our own internal reports reviewing the offering, and in most cases will visit the properties offered on our 1031 DST platform
